

CHRIST CHURCH C of E PRIMARY SCHOOL

OUR VISION for School Improvement 2023-24

We are passionate about providing the best education and opportunities for your children. Every year we evaluate our strengths and areas for development, and identify key priorities to work on as a whole-school community.

These are the new initiatives and areas of focus for the coming year:

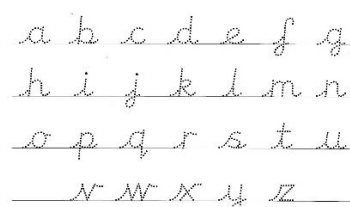

READING FOR PLEASURE

We want all our children to enjoy reading and to read every day at home. We have purchased new reading folders and reading diaries, and ask parents to support us by reading with their child at home.

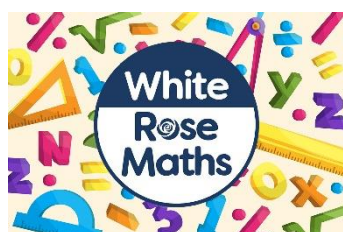

HANDWRITING & PRESENTATION of WORK

We want all our children to have clear handwriting and take pride in their work. Basic handwriting skills will be reinforced in class and children may be given additional resources so they can practice at home.

WHITE ROSE MATHS

We want all our children to receive high quality maths teaching and make good progress in maths. We have purchased a subscription and text books from 'White Rose Maths' to ensure consistency and progression through school.

SCIENCE QUALITY MARK

We want all our children to develop an interest in the world around them and to experience a clear progression in science knowledge and skills. We have already started working towards achieving a quality mark for improving our science provision.

OPAL PLAYTIMES

We want all our children to have opportunities to play and explore nature.

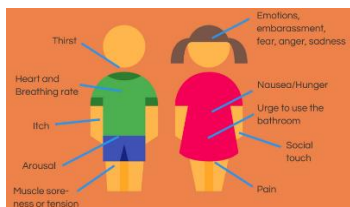

JIGSAW

We want all our children to be taught a PSHE / RSHE curriculum that prepares them for the next stage of life.

INTEROCEPTION

We want all our children to have a good understanding of their internal self; identifying how they feel physically and emotionally.

DYSLEXIA FRIENDLY SCHOOL

We want all our children to have their needs met; including children who struggle with aspects of literacy or have dyslexia.

EQUALITY & DIVERSITY

We want all our children to understand that everyone is equal and should be treated with respect; we want to celebrate the diversity within our school community.

MUSIC PROVISION

We want all our children to have the opportunity to play an instrument and be part of a singing community.

ENRICHMENT – trips & visitors

We want all our children to enhance their knowledge, understanding and skills through carefully planned trips and visitors that will complement our curriculum.

WRAPAROUND CARE

We want all our children to have access to clubs across the school day (including breakfast club, play/lunch clubs and after-school clubs) that will help develop their social skills and emotional wellbeing.
